8 New Federal Laws Sought In Battle against Criminals

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy, in his first Justice Department news conference, has called for eight powerful new laws to help curb organized crime.

The youthful attorney general said he was confident that "we

will get some action on these bills" from Congress.

A record 174 newsmen, tops for a Justice Department conference, overflowed Kennedy's large reception room into adjacent offices Thursday.

In a wide-ranging, sometimes humorous discussion, they heard Kennedy touch, among other matters, on: Businessmen's ethics, juvenile delinquency, the deportation of a New Orleans racketeer figure, the John Birch Society and organized crime.

Kennedy, 35, a brother of the President, did not provide specific details of how he planned to operate against organized crime. But, he asserted: "It is my firm belief that new laws are needed to give the FBI increased jurisdiction to assist local authorities in the common battle against the racketeers."

The new laws he has asked Congress to approve include five years imprisonment and \$10,000 fines for interstate travel "to advance illegal activities."

"More and more," Kennedy said, "the bankrollers and king pins of the racketeers live luxurious, apparently respectable lives in one state, but return periodically to another state to collect from the racketeers they run by remote control."

Kennedy also called for: Punishment for persons intimidating or injuring anyone cooperating in a federal investigation. (Present law only protects witnesses called in judicial or congressional investigations.)

Stiff new firearms regulations.

The five other new laws requested by Kennedy were proposed in one form or another by his predecessor, William P. Rogers. They deal with stopping the flow of gambling information and equipment across state lines and broadening federal power in some other areas.

Grenade Hurts U.S. Official In Viet Nam

SAIGON, Viet Nam (AP)—A terrorist's hand grenade today wounded an American aid official in Saigon. He was the first American victim of a terrorist in South Viet Nam since November.

The attack was also the first violence in South Viet Nam's capital since the Viet Cong Communist rebels stepped up their terror campaign in an effort to scare voters away from the polls at the presidential election Sunday.

The American, Howard C. Thomas, 47, of Fort Myers, Fla., was wounded in the right eye and his face was pierced by fragments of the grenade. U. S. officials said the injuries were not critical, but Thomas—whose vision in his left eye was already impaired—was flown to the Philippines for treatment at the U.S. Air Force Hospital at Clark Field.

Thomas had just left his car and was crossing the garden at his residence, on his way to lunch, when the hand grenade exploded nearby. His residence is near that of U. S. Ambassador Elbridge Durbrow.

The grenade thrower escaped. Thomas has been here for eight months advising President Ngo Dinh Diem's government on the improvement of airport facilities. His wife and two sons, William Jr., 20, and Bruce, 15, are here with him.

Another American aid official, Dolph B. Owens of Tuscaloosa, Ala., and his Vietnamese driver were killed in a Viet Cong ambush 80 miles south of Saigon in November.

New East-West Crises Feared By Leaders

Kennedy, Macmillan Book Final Conference For Saturday Morning

WASHINGTON (AP)—President Kennedy and British Prime Minister Harold Macmillan reportedly fear the development of a series of crises between the Western powers and the Soviet Union this year.

These views are reported to prevail in spite of encouraging progress recently made toward agreement on a cease-fire in the civil war in Laos.

He is charged formally with "crimes against the Jewish people and crimes against humanity." The indictment holds him responsible in the deaths of an estimated six million Jews, slain in the Germans' extermination camps during World War II.

Eichmann contends he was operational director of the extermination plan known as the "final solution of the Jewish question." You might expect to find unanimity of opinion on this extraordinary case, the justification for kidnapping Eichmann in Buenos Aires last year, and the desirability of trying him in Israel. But opinion is by no means unanimous.

A young Israeli, noting the immense labor in preparing for the trial, remarked quietly: "One bullet in Buenos Aires would have made all this unnecessary."

Israelis Wonder if Eichmann Trial To Be Labeled Triumph or Tragedy

Terrorist Killing Spree On Increase

French Press Hunt For Hospital Thugs; U.S. Consulate Bombed

PARIS (AP) — French police made a nationwide sweep against suspected Algerian and French terrorists today as killings and bombings increased after the collapse of hopes for immediate negotiations to end the Algerian rebellion.

Paris police hunted an Algerian execution squad that carried the hit-and-run war between rival rebel factions into a suburban hospital Thursday, killing 2 persons and wounding 12.

In Algiers, the U.S. consulate was bombed after it closed for the day and an attempt was made to burn the American cultural center. Both attacks were attributed to French rightists retaliating for U.S. moves to get peace talks started between the French and the Algerian rebels.

Police rounded up known French extremists in Paris and the French provinces also for questioning. The police said no well known persons were picked up, and it was not immediately known if any of those questioned were detained.

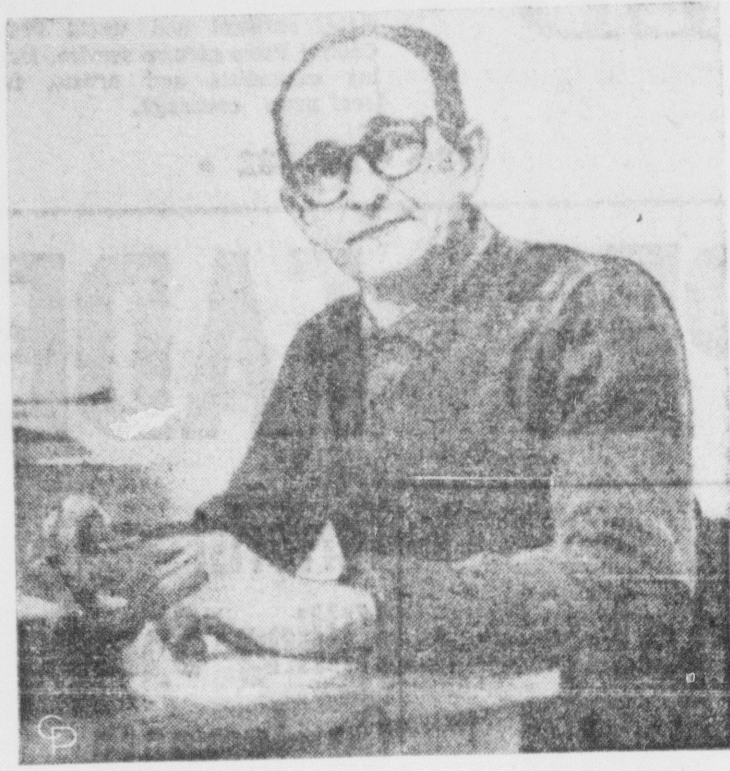

Negotiations between the rebels and the French were to have started today in Evian-les-Bains. But the chief rebel group—the National Liberation Front (FLN)—refused to meet after the French announced they would hold simultaneous negotiations with a rival rebel group, the National Liberation Movement (MNA). The French rejected the FLN demand that it be designated chief spokesman for the Algerians Nationalists.

There appeared to be little chance either side would make a serious move before Tuesday to get talks started. French President Charles de Gaulle has scheduled a news conference for that day.

The hospital raid in suburban Montfermeil was one of the most violent episodes in the war between the FLN and MNA, conducted for 6 years in Paris.

Six men in a taxi drove up to the hospital where Algerian victims of a recent FLN-MNA clash were in a surgical ward. Three of the raiders charged up to the third floor and killed a French policeman guarding the Algerians' room with his own machine gun.

Bursting into the room, they killed Mohand Talba, believed to

Nuclear Talks Hit Stalemate

West, Soviet Debate Control Machinery

GENEVA (AP) — The Western powers and the Soviet Union were at another standoff in the nuclear test ban talks today with neither side ready to take the responsibility for breaking off negotiations.

British delegate David Ormsby-Gore declared Thursday that the West has shown "monumental patience" and drew a sharp reprimand from Soviet delegate Semyon K. Tsarapkin that "our patience can certainly match yours."

Despite the Soviet refusal to come an inch toward the Western position, Ormsby-Gore told Tsarapkin Britain and the United States have no intention "at this time" of quitting the talks.

Some Western diplomats are talking about another recess in the negotiations, that resumed March 21 after a suspension of 3 months.

The West in a package plan has accepted several Soviet proposals for joint nuclear experimentation but Tsarapkin countered the West's insistence on independent control machinery to police any test ban with a demand for what in effect would be a veto power over the control apparatus.

He proposed that the control organization be headed by a three-man directorate representing the Communist bloc, the Western nations and the neutralist nations. Unanimity would be required for any action.

Ormsby-Gore and U.S. delegate Arthur H. Dean repeatedly declared such an arrangement was unacceptable and appealed to him to withdraw his demand. But Tsarapkin told newsmen Thursday his government has no intention of backing down.

Revival Slated At Church of God
A two week's revival meeting will get underway at 7:30 p. m. Sunday at the Circleville Church of God.

The Rev. Douglas Jacobs, Chattanooga, Tenn., will be the evangelist. The Rev. Jacobs, well known speaker in the South, will make his third appearance at the local Church of God.
The revival will continue nightly through April 23. The Rev. R. J. Varnell is local pastor.

Viet Nam Assured Of Aid from U.S.
WASHINGTON (AP) — The United States does not intend to let down the people of South Viet Nam "in the dangerous situation they are now facing," the State Department said today.

Press officer Robert McCloskey said the administration of President Kennedy is "determined to continue its strong support of the government of Viet Nam."

The reaffirmation of strong U.S. support came as Communist terrorists started up a campaign in advance of a Vietnamese presidential election Sunday.
McCloskey confirmed that discussions are under way with the Viet Nam government on increased military and economic assistance. He gave no details.

Driver Gets Heavy Penalty In Local Court

Johnny H. Varney, 25, Columbus, was handed a heavy fine and sentence in Circleville Municipal Court today following his arrest by the State Highway Patrol for driving under the influence of intoxicants.

Varney was fined \$250 and costs, sentenced to 15 days in jail and had his driving rights suspended for two years on the intoxication charge. He also was fined \$125 and costs and sentenced 15 days for driving under revocation.

According to the court, it marked the second intoxicated driving conviction for Varney. The two jail terms were ordered to run consecutively.

Five other drivers cited by the State Highway Patrol were: Russell E. Clevenger Jr., 23, Laurelville; \$15 and costs for passing a stop sign.

Richard H. Clifton, 35, of 502 N. Pickaway St.; \$15 and costs for speeding at 65 miles per hour in a 50 mile zone.

Robert L. Patrick, 34, Route 2, Ashville; \$10 and costs for passing a red light.

Raymond Jordan, 24, Columbus; \$10 and costs for speeding at 60 miles per hour in a 50 mile zone.

Robert A. Miller, 20, Marysville; \$24 bond forfeiture for speeding at 65 miles per hour in a 50 mile zone.

Charles L. Hutchinson, 19, Route 1, Stoutsville, was arrested by city police for failure to give information to the other person involved following an accident on W. Mill St. He was fined \$50 and costs.

Gary L. Marion, Route 1, Circleville, was cited by the sheriff's department for driving left of center. He was fined \$15 and costs.

Ferocious Dog Proves Very Mild, Well Oiled

CLEVELAND (AP) — Rocky, an 80-pound boxer dog, has often scared off thieves who took one look at his ferocious jaws.

But he proved Thursday night what a gentle nature he really has. He sat quietly in a big easy chair while thieves robbed and ransacked his master's gasoline station, taking \$11.

And to crown the insult, said Rocky's owner, Ken Hutchinson, 24, the intruders squirted oil all over the poor animal. "He was drenched," said Hutchinson. "It took me an hour to clean him."

The gang then ran from room to room, spraying bullets. One of their victims was a French girl, Martine Petit, 7, wounded as she lay in bed. Also wounded were her father, sitting beside the bed, and her mother, who flung herself across the child.

The three gunmen then rushed to their waiting taxi, knocking out a ward attendant as they ran and beating a nurse with gun butts. In the yard, two policemen who tried to stop them were shot in the feet.

More than a dozen Algerians were later arrested but there was no indication that the identity of the gunmen had been learned.

The attacks on the American offices in Algiers were the latest in a series of bombings blamed on diehard French colonists. The extremists apparently were angered that the U. S. Ambassador to Tunisia, Walter N. Wamsley Jr., held private talks Monday in Tunis with two FLN ministers.

Oil Shares Lead Climb on Stock Mart

NEW YORK (AP) — Stock market prices nudged upward with oil shares leading the way early this afternoon.

The Associated Press 60-stock average at noon was up .20 to 243.5 with industrials up .70, rails up .10 and utilities off .20.

Trading moved along at a lively clip but was far behind the 7-million-share rate of Tuesday.

Tobaccos, metals and rubbers leaned to the upside. Motors, chemicals and rails were mixed. Electronics and utilities were off.

Gains and losses of most key issues ranged from a fraction to a point or so.

Amerasia advanced 2%, Texaco 1/2, Royal Dutch Petroleum 1 and Jersey Standard 1/4.

Chrysler retreated 1 1/2 to 43 1/2. General Motors and Ford gained fractionally.

Up around a point were Commonwealth Edison, Eastman Kodak, American Tobacco and Pfizer.

Pullman tacked on about 2 points.

Losses of a point or so were suffered by Philco, Southern California Edison, DuPont and General Electric.

Volume for the first two hours totaled 2.02 million shares, compared with 2.01 million Thursday.

The Dow Jones industrial average at noon was up .72 to 680.06. Corporate bonds were mixed. U.S. government bonds were higher.

On March 17, 1880, the USS Constellation left New York with a cargo of food for famine sufferers in Ireland.

developed countries in Africa and Asia. Both Kennedy and Macmillan agreed that Khrushchev's repeated statement that he wants a solution of the Berlin problem this year must be given very serious weight.

4. With respect to Southeast Asia Kennedy and Macmillan expressed their hope that cease-fire negotiations which the British are conducting with the Soviet foreign office in Moscow will now be successful and produce a prompt truce in the civil war in Laos while a 14-nation conference meets to negotiate a more permanent settlement.

5. Kennedy and Macmillan reaffirmed their determination to support U.N. Secretary General Dag Hammarskjold against attacks from the Soviet bloc countries and to resist all Soviet efforts to replace him with a three-man directorate. They evidently expect further Soviet efforts, perhaps at the General Assembly meeting next fall, to cripple the U.N. operation and to win acceptance of the directorate idea by more and more members of the world organization.

Special Shows Booked on TV

**Eichmann, Civil War,
White House Featured**

NEW YORK (AP)—Television's pace is slowing as the weather becomes warmer, but it will be sparked during the next few days by special shows—on the Eichmann trial, on the White House, on the Civil War.

Tonight, however, the main item on the bill is NBC's "Sing Along With Mitch" (9-10 Eastern Standard Time). Saturday's most promising special includes CBS's report on the Master's Golf Tournament (5-6 p.m.) from the Augusta National Golf Club and NBC's "Nation's Future" debate on whether the trial of Nazi Eichmann serves the cause of international justice (9:30-10:30).

Sunday, as usual, has a number of promising programs. ABC's "Directions '61" (11:30 p.m.) will tackle an abbreviated dramatization of "Doctor Zhivago." There is also the final "Young People's Concert" by the New York Philharmonic orchestra on CBS (3-4). ABC's "Issues and Answers" (4:30-5) will have the internal revenue commissioner, Mortimer Caplin, talking about the income tax laws. NBC's briefing session, "The Trial of Adolf Eichmann" will be broadcast from 6:30 to 7. "J. F. K. Report No. 2," NBC's special Tuesday night (10-11) will show the President and the First Lady in the White House. On Tuesday evening CBS will repeat its "Eichmann—Engineer of Death" (10-11).

"CBS Reports" on Thursday (10-11 p.m.) is Carl Sandburg at Gettysburg talking about the Civil War. ABC's "Silents Please" (10:30-11) is a reprise of the film career of Will Rogers.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Light, cool winds from the north continued Thursday night with occasional light rain in the northeast half of the state. Elsewhere, cloudiness was variable, with cooler temperatures under temporary clearing.

Temperatures near sunrise included Cleveland 32, Toledo and Cincinnati 29, Columbus 35, Dayton 31.

Temperatures will again be cool this afternoon with generally cloudy to partly cloudy skies. Precipitation is likely in portions of the north as scattered light showers or snow flurries, while a few sprinkles will again fall in the central portion.

Tonight, temperatures will be cooler under possibly fair skies. Early indications for the weekend favor a slow warming trend beginning Saturday and continuing Sunday with no immediate threat of precipitation.

OHIO FIVE-DAY FORECAST
NORTHERN OHIO — Temperatures will average near normal. Normal high 54-56, normal low 33-37. Cool beginning of period, warming trend first of next week. Precipitation will average one-half to three-quarters inch as scattered light showers or snow flurries tonight, and showers Tuesday and Wednesday.

SOUTHERN & CENTRAL OHIO — Temperatures will average near normal. Normal high 57-69, normal low 37-49. Warmer over weekend, quite mild through Wednesday. Rainfall will total one-half to one inch and locally heavier in showers or thundershowers likely end of period.

10½ Million Jobs 'Needed' in Year

WASHINGTON (AP) — Secretary of Labor Arthur J. Goldberg says that economic improvement will still leave the nation with a grave and urgent unemployment problem.

Goldberg said 10.5 million new jobs must be created in the next year if full employment is to be achieved in the light of the growing population and worker displacement by machines.

He told a news conference he wanted to put the job problem in its "proper perspective in terms of the challenges ahead and the goals we have to meet."

Goldberg said seven million new jobs will be needed even if the unemployment rate falls from its present level of nearly 7 per cent of the work force to 4 per cent a year from now. The 4 per cent rate is one mentioned by President Kennedy as a manageable level.

The latest job figures show there were 5,495,000 workers idle and 65,516,000 employed in March—both records for the months.

Goldberg cited estimates that 1.3 million new workers will be seeking jobs within the year, 1.8 million present jobs will disappear because of better production methods, and 1.9 million jobs will be needed to provide full

time work for people now working at part time.

Adding these figures to the number now unemployed shows a need for 10½ million new jobs, he said.

On other matters he said:

BENEFITS—All 50 states, plus Puerto Rico and the Virgin Islands, have now signed up to provide temporary extended unemployment compensation benefits of up to 13 weeks. Many states will begin sharing benefits during the week of April 17.

ETHICS — The secretary announced that he had prohibited Labor Department employees from taking fees from outside firms doing business with the Labor Department, even for spare time work.

REPRESENTATION — Ida Klaus, New York City Labor Department adviser and former solicitor of the National Labor Relations Board, has been appointed to advise Goldberg on dealings with government employee labor organizations.

WAGE—The administration opposes an amendment by Sen. A. S. Mike Monroney, D-Okla., to limit proposed additional coverage of large retail and service establishments to firms that have two or more outlets in two or more states. Goldberg said this would continue to exempt some of the largest retail enterprises and cut proposed additional coverage by more than one million workers.

A LESSON—If you happen to be one of those students at Fort Lauderdale, Fla., and have a flair for figures, here's something to study—Berit Aspaugh, an import from Norway, decorating the Fort Lauderdale beach.

Toledo Sheriff Cool On Soft Music Idea

TOLEDO, Ohio (AP)—A grand jury has recommended that soft, gentle music be piped into the Lucas County Jail, and that a light-colored paint be used on cell walls to add to the soothing effect.

The outgoing county grand jury made its recommendations in a report filed with the prosecutor.

Sheriff William Hirsch said he didn't want to seem old fashioned, but any music piped into the jail would have to be pretty soft. It might drown out the sound of cell bars being sawed.

A-Plant Payroll Is Set at 1,870

PIKETON, Ohio (AP) — Good-year Atomic Corp., operators of the Atomic Energy Commission plant in Pike County, has announced that a work force of 1,870 persons will remain at the plant after 250 workers are cut from the payroll by July 1.

G. H. Reynolds, general manager of the plant, said 50 more hourly employees will be released by that date. The plant laid off 100 hourly employees March 10 and has been dismissing 100 salaried employees gradually.

Reynolds told plant employees the layoffs were caused by revision and improved utilization of equipment.

'Goof Ball' Regulation Asked in Legislature

COLUMBUS, Ohio (AP) — The House Health Committee today unanimously recommended passage of a bill to regulate sale of pep pills known to addicts as "goof balls" or "bennies."

Lawyer Gives Private School Aid Proposals

NEW YORK (AP)—The attorney for the Roman Catholic archdiocese of New York proposes four methods by which students of parochial and private schools might be granted federal aid to education benefits without violating the Constitution.

The suggestions were made by Lawrence X. Cusack, who also is editor of the Fordham University Law Reviews.

He presented his views, on behalf of Francis Cardinal Spellman in a statement filed in Washington with the House Committee on Education and Labor.

President Kennedy excluded aid to parochial schools from his program of aid to education.

Cusack's suggestions were:

1. To make a distinction, as did President Kennedy in a news conference March 1, between aid to the child and aid to the school. By this means, said Cusack, direct benefits could be granted to all school children, including those attending church-related schools.

Various possibilities were cited as providing pupils with nonreligious textbooks and supplies, and to make available to them certain

nonreligious educational services.

2. Some form of grant or benefit for parents of all school children, such as reimbursement for tuition payments or income tax deductions.

3. Long-term low-interest loans in which church-related schools could participate. The interest would be lower than on loans obtained commercially.

4. Aid for the nonreligious facilities of church-related schools and perhaps compensation of teachers who instruct in secular subjects.

Licking the Stamp Problem

The news from the U. S. Post Office Department is mostly good. In the first place, the department has announced that its primary function is "to expedite the delivery of the mail."

This is reassuring to those who have been suspecting for some time the expediting delivery had somehow become a secondary consideration. Also welcome is word that the number of commemorative stamp issues will be cut from the 42 put out last year to 15 a year, which would seem to be more than sufficient. These issues find a ready market among philatelists, producing a profit to the department of \$3 million a year, but even collectors must be getting bored by a proliferation of issues of all sizes and colors, many of them com-

memorating obscure events.

One waits for improvement in another matter of Post Office productivity. A lot of the stamps President Eisenhower printed didn't stick. Postmaster General Day is reported to be studying this sticky question and perhaps he will have it licked soon.

Fine Specimen Here on Earth

These days when a Falcon more closely resembles a Dyno-Soar than an eagle, man can restore his perspective with a slow walk through a new hall at the New York Museum of Natural History.

There he will find 5,400 square feet of earthly space devoted just to him. No astrophysics, no supersonics, not even an alpha or omega to the fifth power. Just the Biology of Man from the moment he appeared as a speck on the historical horizon 600,000 years ago.

He will see a circulatory system more efficient than an engineer's dream; a

brain that transmits messages with super-electronic speed; limbs that solved problems in physics before it was invented. Yet all grew from a cell barely visible to the human eye.

It is a credit to the erudite showmanship of Dr. Harry Shapiro of the museum staff that these wonders have been displayed with such remarkable clarity. Dr. Shapiro has helped create a feeling that no matter what explorers may find in outer space, a fine specimen of homo sapiens exists here on earth.

Excerpts from Ideal Letters

NEW YORK (AP) — Excerpts from letters people would like to get—but rarely do:

"Well, dear brother-in-law, I guess I won't have to be borrowing from you and Sis anymore. After 15 years of unemployment, I finally have found a job. I have been selected to be the first man shot to the moon. While the job may be only temporary—"

"It is our pleasure to inform you that as holder of ticket No. Z-164859214 you have a grand lottery prize of \$142,000, and we respectfully inquire whether you would like this sum in bills or by check?"

"Upon reconsideration we realize it was ridiculous to offer you a trade-in value of only \$500 on your old car. We are upping the figure to \$1,800 and hope—"

"Our laboratory tests show that the formula developed by your

small son with his home chemistry set is worthless as a dandruff cure because of its tendency to destroy the scalp. However, we are greatly excited over its potential as a crabgrass remover, and if you and the boy would drop in to talk over terms we are sure that—"

"Daddykins, Jim and I figured a big wedding would cost you about \$3,000, which is a terrible amount of money, and besides you want all that fuss and bother? So we are going to get married quietly, and if you want to send us \$100 toward our honeymoon trip that will be just dandy."

"Remember Joe Poindexter, that handsome Phi Gam who beat your time with that little Chi Omega gaud you were so stirred up about during our last year in college? I saw him the other day, and you wouldn't recognize him. He's 50 pounds overweight, lost

most of his teeth, and says if his feet don't quit bothering him he may have to give up his job at the post office."

"Frankly, this time the bank is in error, and we regret any inconvenience to you or your husband. Our checkbook shows that, instead of being overdrawn \$39.48, your joint account actually has a balance of \$367.29. If you wish, we will be glad to write another letter to your husband explaining the mistake is entirely our fault, and you are blameless."

"It was awfully sweet of you to pay me \$75 a week alimony out of your \$125 salary these last 20 years, George, but you don't have to any longer. I met a well-to-do retired businessman on a trip to Florida last month who simply insisted that we—well I suppose you can guess the rest. Since your last alimony check arrived after the ceremony, I am returning it uncashed."

'Big Stick' Policy Needed Now

Step by step, Soviet Russia is proving to the United States that this country has no allies upon whom it can surely and absolutely depend.

This is undoubtedly in the nature of the loose alliance which NATO and SEATO have established. It is also in the nature of the conduct of American foreign policy over the years.

For instance, no event that has occurred in recent years has been as damaging to Great Britain and France as Nasser's victory at Suez.

Nasser sat tight and watched the United States pull him out of a hole. Then he became a positive neutralist; that is, he supports Soviet Russian policy. Does anyone assume that France has ever forgotten that?

Or is France forgetting that Algeria has been sapping the life blood of France and that the United States is as neutral between France and Algeria as Nasser is between the United States and Soviet Russia?

It was the United States that supported every anti-British movement in Asia; it was the United States which encouraged the natives to drive the Dutch out of Indonesia and the French out of Indo-China. We had adopted a rigid program of doctrinaire anti-colonialism, with the result that we have severely damaged our allies and paved the way for Soviet conquests.

With what men do we now turn to our allies to support our policy in Laos? It is much like the attitude of our allies in the United Nations who are refusing to pay their contributions to the handling of the Congo situation. They won-

Try and Stop Me

MOURNFUL ONE: This is the worst toothache I've had. Cheerful one: It's all in your mind. Yesterday I felt awful. Then I went home to my beautiful bride who hugged and kissed me and presto! I felt wonderful.

Mournful one (perking up): What's your wife's phone number?

A husband wandered nervously about a doctor's waiting room while his wife underwent a complete checkup. After some time the doctor stuck his head out of the door, summoned the husband, and said, "To be blunt, I don't like the looks of your wife."

"Neither do I," responded the husband, "but she's great with the children."

The Business World

By Sam Dawson

NEW YORK (AP) — Business may get some tax incentives but the hope of relief for the individual grows dim indeed.

It was never very bright. But the administration said it should know by April if a tax cut was needed to halt the downward course of the economy.

In recent days several of President Kennedy's advisers have gone on record as sighting an end to the downturn, at hand or just around the corner. They have added that measures already proposed for stimulating business should be adequate.

Another reason that the individual can't look for relief is that the very measures proposed for helping the economy call for more government spending. And this has to be paid for out of tax receipts.

In addition to the federal income tax, income earners in 32 states also have to pay such levies. And some 300 municipalities also take a bite out of individual earnings.

President Kennedy's message to Congress next week may ask for some revisions on exemptions and deductions, such as the token relief on income from dividends. But it seems unlikely to suggest any change in rates of individual income taxes. And there has been some talk of putting more of a bite on capital gains.

Business also doesn't look for any change in the maximum 52 percent levy on corporate incomes, set originally as an emergency Korean War measure and then extended regularly. But there will be some juggling along other lines.

The administration may ask for changes in some tax deductions, such as depletion rates for oil and mineral production. It may seek extension of some excise taxes, about to expire, such as the tax on gasoline and various items listed as luxuries.

The big emphasis is likely to be on setting up incentives for business spending for new plants and equipment to help any recovery move build up steam.

This could be in the form of a speedup in depreciation, like the advantages granted at the time of the Korean War. Or it could be in letting companies deduct a part of the cost of such improvement above a certain base. Also there is talk of combining the two forms.

Mrs. Yamarick Named Head Of Conservation League

Mrs. Walter Yamarick was named president of the Child Conservation League at its April meeting Tuesday afternoon.

Other officers are Mrs. Clifford Bowser, vice-president; Mrs. William Blanton, secretary; and Mrs. C. K. Vaughan, treasurer.

Mrs. James Carr presided during the meeting which was held in the home of Mrs. Yamarick, 356 Markley Road.

Members voted to accept a life membership in the society for Pickaway County Exceptional Children.

Mrs. Walter Ehmling, chairman of the nominating committee, appointed Mrs. William Sprague,

chairman, assisted by Mrs. Carl Zehner and Mrs. Richard Penn to the program committee.

The speaker, Mr. Richard Snouffer, was introduced by Mrs. William Rickey.

He presented a film on "Your Child's Intelligence". It explained the areas measured to obtain an IQ.

In the discussion which followed he emphasized the important role parents play in motivation and stressed the factor which cannot be measured — the desire to learn.

Mr. Snouffer concluded with an explanation of the curriculum offered in the Circleville High School.

Diane Burton, Judy Lawson Are Initiated into ORG

Misses Diane Burton, Knollwood Village, and Judy Lawson, 300 Sunset Drive, were among nine candidates who were initiated into Chillicothe Assembly No. 69, Order of Rainbow for Girls last evening in the Eastern Star Temple, Chillicothe.

Miss Diane Rook, worthy advisor, presided at the meeting. She was assisted by Mrs. Stanley Rook, mother advisor.

A painting symbolizing "Youth", the theme of this term, and a basket

ket of red roses were the decoration before the Assembly.

Distinguished members of the Masonic Lodge, Order of Eastern Star, and Order of Rainbow for Girls were introduced. Other members were also welcomed.

The "Rose Ceremony" was given by Judy Gump, assisted by Gilda Barnett, Peggy Buskirk and Sandra Ankrom, accompanied by Judy Young, sang "Wonderful Mother of Mine" as a red rose was presented to each initiate.

A report was given on the project of decorating Easter eggs for the children in Chillicothe Hospital, and the service project was introduced to the new members.

It was then announced that the Assembly will attend the First Presbyterian Church, Chillicothe, at 10:30 a. m. April 9, in observance of the anniversary of Rainbow.

The Worthy Advisor explained her theme "Youth" to the Assembly.

1½ cups sifted flour
¾ teaspoon baking soda
¼ teaspoon salt
½ teaspoon ginger
½ teaspoon cinnamon
½ cup butter
½ cup sugar
2 eggs
½ cup molasses
½ cup boiling water

Sift together the flour, soda, salt and spices. Cream butter and sugar; beat in eggs thoroughly one at a time. Stir together the molasses and water. Add dry ingredients to creamed mixture in 4 additions alternately with molasses-water mixture; begin and end with dry ingredients; beat only until smooth. Batter will be thin. Turn into baking pan (9-inches square by 1½ inches) that has bottom lined with greased waxed paper. Bake in moderate (375 degrees) oven 25 to 30 minutes. Turn out and remove paper. Serve warm.

A dusty light bulb can reduce your light as much as 50 per cent; make it a habit to include them in your regular dusting routine.

A cup or so of baked beans left-over? Mash them with chili sauce or catchup and use as a sandwich filling. Some cooks also like to add a little mayonnaise. This filling tastes good between slices of whole wheat bread.

Frying tomatoes? First dip the slices (about half an inch thick) in flour seasoned with salt, pepper and paprika.

Dear Abby...

By Abigail VanBuren

Don't Quibble—Speak Up!

DEAR ABBY: When a man and his wife are on a motor trip together, who should ask the man at the service station for the key to the ladies' room?

I do not like to ask a man for the key, and my husband says that he is embarrassed to ask for the key to the ladies' room. We quarreled over this every time we had to stop, and it nearly spoiled the trip for me. Please answer before summer because we plan an other motor trip and I don't want to go through this again.

LIKES TO TRAVEL
DEAR ABBY: It is perfectly all right for either you or your husband to ask the service station attendant for the key to the ladies' room—but I think it is your place to do it.

DEAR ABBY: How can I get in touch with a boy in the Navy? His first name is "Buddy." He is 18 years old and about 5 feet 10, and has brown wavy hair. (He knows my name.) This is important, so don't let me down.

STOOD UP
DEAR ABBY: If you were "stood up," you were lucky. Boys who have to be "located" are usually better off left in riding.

DEAR ABBY: I will never again wonder, as I read your column, if the messes people get themselves into are "real," because this is what happened to me:

Three years ago I fell in love with a married man. (My boss.) I was also married, but we had no children. They had three. We agreed to have a "mature, sensible romance," which meant he wasn't breaking up his family and neither was I. Well, it didn't work out that way. Soon we started to talk about divorcing our mates and getting married. We planned to

Sea Lamprey Fight Appears To Be Success

WASHINGTON (AP)—The government appears to be winning—after years of trying—its battle against the fish killer of the Great Lakes, the sea lamprey.

The program, a government official said, is reported to be so successful that a hatchery can be built and the lakes can be restocked with lake trout—a fish nearly eliminated by the lamprey.

The hatchery, if Congress will and one for toddlers.

Sunday evening at 7 p. m. the Senior - Hi Westminster Fellowship will meet in the church. Mr. Richard Snouffer will be the guest speaker. Refreshments will be served.

appropriate the requested \$892,000, will be built in Antrim County, Mich., on the Jordan River, about 40 miles from Lake Michigan, and be completed by the spring of 1963.

The progress report on elimination of the lamprey was given to a House Appropriations Subcommittee by Abram V. Tunison, assistant director of the Bureau of Sport Fisheries and Wildlife. The hearing transcript was made public today.

Sea lampreys are predatory eels, up to two feet in length, with sucking mouths and teeth to attack fish.

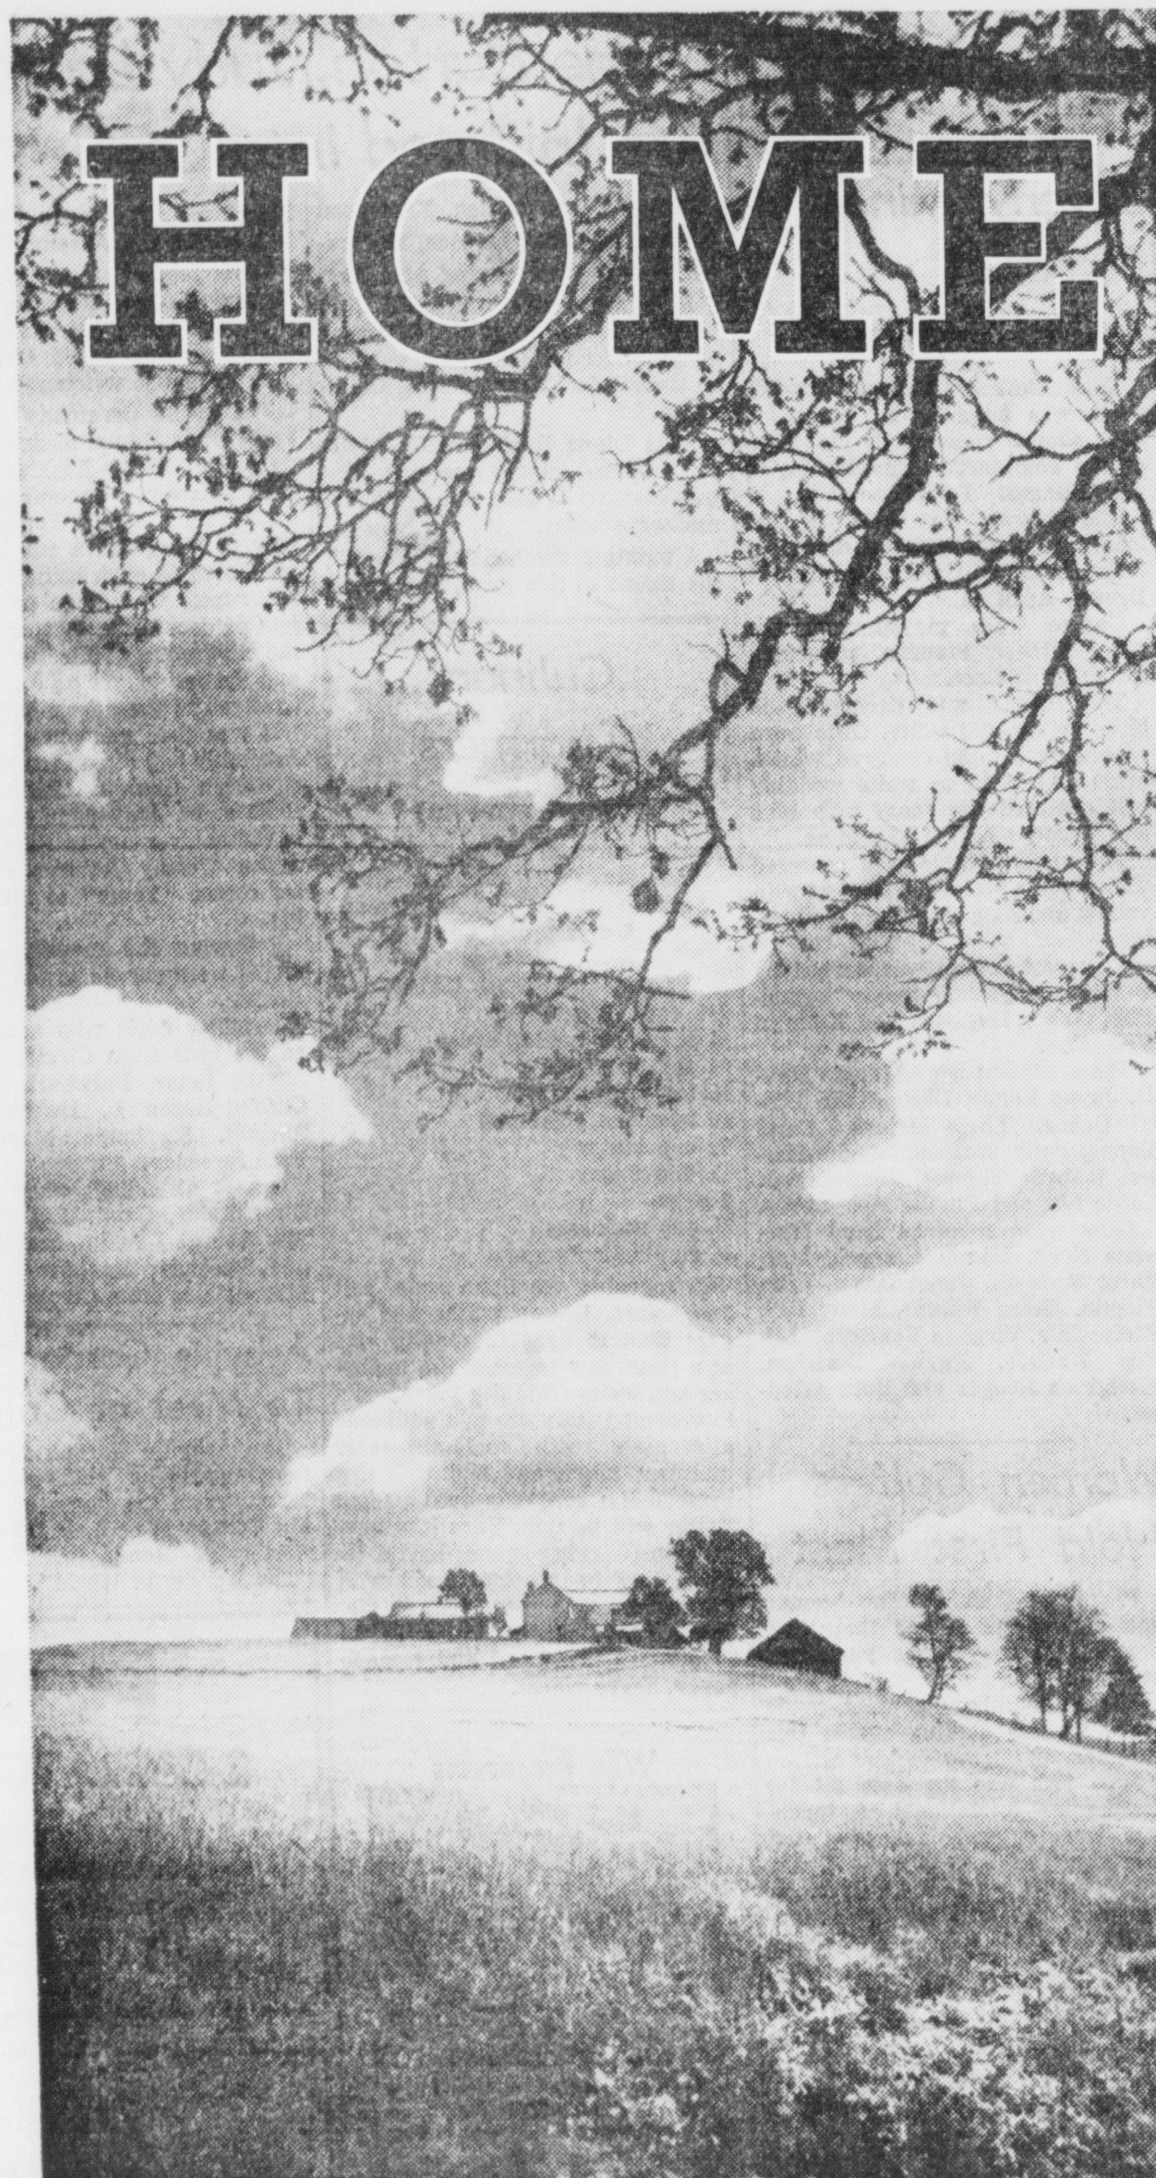

After invading the lakes in the 1930's they eliminated all trout

from Lake Michigan and killed most of them in Lakes Superior, Huron and Erie.

For a while, in collaboration with Canada, the Bureau of Commercial Fisheries had been killing lampreys with electric shock from fences built in shallow water.

More recently bureau officials say, they have been using poison that kills the baby lampreys but is harmless to fish.

In March, 1890 the first U. S. Marines were assigned in Washington for the purpose of guarding the construction of the Navy Yard there. Two years later Washington was established as the U.S. Marine Corps' Headquarters.

What is home? A blend of memories and mortar . . . walls and roof and smells of breakfast cooking . . . a place of rest at the end of the day . . . a feeling of possession, of belonging . . . a place of hates, loves, anger . . . center of things living.

Home may be a mansion on a hill, a cramped apartment, a farmhouse, a hovel, a new suburban split-level, the house Father built . . . but only to you and your family is it home. No one else may call it that. For home is a part of *you*!

Centuries ago a shepherd-poet felt this. Weary, lonely seasons on the grazing slopes had taught him to love . . . to long for . . . HOME.

But he realized that, through this life and beyond, the nearness of God is part of the sense of home. Goodness and mercy would follow him all the days of his life. And he would *dwell* in the house of the Lord forever!

Give the Church and its Truth a place in your home. And God's presence will give eternal meaning to that home.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Compounded Semi-Annually
Deposits made by April 10th will earn from April 1st.

Every now and then we are asked just how the operation of our Association is different from the operation of other types of financial institutions.

First of all, unlike most other financial institutions, the primary function of our association is to promote thrift and home ownership!

We are specialists in this field. We do not, like other institutions, have checking accounts. We do not make commercial, or industrial loans.

Your money in a savings account here is invested in the building of homes in this area, and in home improvements . . . the very safest type of security. Money taken to out-of-town institutions is used to help people in the county where that institution is located. Your savings account is insured up to \$10,000, by an agency of the U.S. Government.

All told, here is the utmost in safety and security. Here is DEPENDABILITY, with good dividends, in both good times or bad. And here is immediate availability of your funds, should you need to withdraw some of your savings, to meet an emergency or to take advantage of a real opportunity!

And here are friendly neighbors who are interested in your problems and in the continued growth and prosperity of the community in which we live.

Anti-Satellite
Missile Seen
Ahead by Navy

WASHINGTON (AP)—A Navy specialist says the service could develop within 18 months a missile to destroy an orbiting satellite.

Capt. Robert F. Freitag, astronautics officer of the Bureau of Naval Weapons, made the statement in testimony before the House Space Committee Feb. 20. This was before Secretary of Defense Robert S. McNamara gave the Air Force primary responsibility for military space research and development.

Freitag's testimony was made public today.

"I talk about a minimum-energy missile, that is, a missile which is launched vertically with just enough power to arrive at the altitude of the satellite at zero velocity," he testified.

"At that point it can hover and wait for the satellite to come and then by terminal guidance, seek out the satellite and kill it with some mechanism."

\$87 Billion
Budget Seen
In January

WASHINGTON (AP)—The budget President Kennedy will send Congress next January may be in the neighborhood of a record \$87 billion.

This early-bird view of Kennedy's first, on-his-own budget, stems from estimates prepared by Budget Bureau experts.

Revenues would have to climb considerably to put such a budget in balance.

An \$87 billion budget would be about \$6 billion above current levels. It should be balanced, informed sources said Wednesday, if the economy makes a satisfactory recovery from the current recession.

Kennedy has already revised the 1961 and 1962 budgets submitted by former President Dwight D. Eisenhower. Kennedy's revisions included estimates that federal spending would rise from \$30.7 billion in the current fiscal year to \$34.3 billion in the 12 months beginning July 1.

The budget due next January will be the first for which Kennedy will have sole responsibility. It will cover the 1963 fiscal year, which begins July 1, 1962.

In addition to the rise in spending indicated in Kennedy's revision of Eisenhower budgets, budget experts at the staff level, it was learned, have prepared a preliminary estimate that spending in fiscal 1963 will show a rise of \$2 billion to \$3 billion.

African Refugees Tell
Of Angola Massacres

MATADI, the Congo (AP)—Thousands of African refugees are filtering across the guarded Angola border into the Congo telling stories of Portuguese massacres and oppression.

The Congolese security chief of Matadi, a port town lying only a few miles from the frontier, estimated today that at least 3,000 persons — many of them young children — have fled to this region from Angola in the last two weeks.

SPEAKER — C. L. Dumarec, assistant superintendent of administration for Columbus Public Schools, will be one of the speakers at the 38th Annual Conference of the Central District Ohio Congress of Parents and Teachers, Inc. The event will be held April 19 at Marion Harding High School, Marion. The Central District includes Pickaway, Fairfield, Franklin, Madison, Licking, Delaware, Morrow, Union, Knox and Marion Counties.

Atmospheric Ions Labeled
Hazard for Space Traveler

WASHINGTON (AP) — Space travelers may have to beware of atmospheric ions.

A team of Columbus, Ohio, researchers said today that there was evidence that inhalation of the ions can produce relaxation and sleepiness or headache, dizziness, nausea and sore throat.

Atmospheric ions are electrified atoms of solid or gaseous material in the atmosphere. The report on them was prepared by Dr. Howard G. Schutz and Richard A. Duffee of the Battelle Memorial Institute for the annual meeting of the Institute of Environmental Sciences.

Negatively charged ions produced the state of relaxation in experimental inhalation, the report said, while positive ions were found to produce the unpleasant effects.

The researchers said the ions have the potential for causing the same significant behavioral effects on humans in nuclear submarines and even on those engaged in every day earthly activities.

But, the researchers tempered their warning by saying it was possible that at least some types of ions could be harnessed to serve man.

They said a Russian study showed that athletes exposed to concentrated whiffs of negatively-charged ions had their endurance souped-up more than 50 per cent as evidenced by their performance on a treadmill.

Atmospheric ions are produced in the lower atmosphere by naturally radioactive materials in the earth's surface or in the air, by cosmic radiation, and even by falling snow and water spray.

Such electrical properties of the atmosphere have long been blamed, the researchers said, for the irritability and depression felt by people exposed to such winds

The World Today

WASHINGTON (AP) — Robert Kennedy produced no sensations at his first news conference as attorney general.

This tough, 35-year-old Kennedy who used to try to give Teamster boss Jimmy Hoffa the miseries when he was chief counsel for the Senate rackets committee was mild, humorous, and unprovocative.

He talked about what he wanted to do rather than anything done. His humor and his mildness will get a workout later when he's in the job longer and has to answer questions about what he's done.

It was hardly more than a get-acquainted session with a record, standing-room only crowd of 174 reporters, men and women, in the Justice Department Thursday afternoon.

Some of the same men and women who always get up to ask at least one question at the news conferences of his brother, President Kennedy, got up as expected and asked the new attorney general some.

He seemed prepared and, like the President, responded pleasantly. But some of these same people used to get under President Eisenhower's skin and he showed it.

He talked of his plans for dealing with organized crime, juvenile delinquency, and Negroes' civil rights in the South. And he called the John Birch Society "ridiculous."

Robert Kennedy, like the President, had done his homework and was able to answer a broad field of questions. He also suggested there's corruption in business and its time businessmen cleaned house.

He dwelt only briefly on civil rights—in answer to a Negro reporter's question—but although it was vague it was enough to give added insight into how the Kennedy administration expects to deal with the South on this issue.

It can be summed up this way: Try to get state officials to correct abuses so the federal government won't have to move in.

Local Groups May Sponsor
Candidates for Mrs. America

Local women's organizations were urged today to sponsor candidates in the 23rd annual "Mrs. America" contest.

D. R. Cotterman, Circleville manager for the Ohio Fuel Gas Co., local sponsor of the nationwide contest, said cash prizes will be awarded to any club whose representative wins at local, division, district, state and national levels.

Clubs sponsoring a local winner will receive \$25; a division winner, \$50; a district winner, \$100, the state winner, \$200, and the national winner, \$500.

"Many fine 'Mrs. America' contestants in the past have been sponsored by women's organizations," Cotterman said. "We hope every women's club, benefit society, church group and other women's organizations in town will enter a representative."

A 30-MINUTE sound, color film showing highlights of the 1960 "Mrs. America" contest is available to club groups for showings. It can be obtained for showings by contacting Betty Newton at the gas company.

The "Mrs. America" contest this year will be held in the fall. Applications are available at the local gas company office, and will be accepted through Sept. 30. All married women over 21 are eligible to enter the contest.

A "Mrs. Circleville" will be selected early in October to represent this area in the division contest at Columbus. A division winner will then advance to the district cook-off at Columbus.

The district contest winner will

receive an automatic gas range worth approximately \$500 and will compete for the "Mrs. Ohio" title in the state finals in Columbus Nov. 1-2.

"Mrs. Ohio" will win an expense-paid, two-week trip for herself and her husband to the national "Mrs. America" finals in Fort Lauderdale, Fla., starting Nov. 27.

Eatons Get Invitation
For Visit to Bulgaria

CLEVELAND (AP)—Industrialist Cyrus Eaton and his wife have accepted an invitation to visit communist Bulgaria during a national holiday there May 24. Dr. Peter G. Voutov, Bulgarian ambassador to the United States, extended the invitation Thursday.

The holiday is the Day of Culture and Education, during which students and faculty members from all major colleges and universities in Bulgaria will visit the capital city of Sofia.

This might indicate the administration hopes to soft-pedal civil rights problems.

But the President has to work with a lot of Southern Democratic politicians in Congress and depend on them in most instances to help put his programs through.

If the administration follows the tactic of not moving into the South—until after a state fails to heed a request for action—it can say it had no choice left but to move in.

This may make good political sense, in dealing with white Southern politicians, but not necessarily in dealing with Northern Negro voters if they feel federal action has been needlessly delayed.

Teacher Freed
By Judge in
Assault Case

AKRON, Ohio (AP)—A junior high school teacher in nearby Cuyahoga Falls Wednesday was acquitted of assault and battery of one of his students, but the judge cited another student and his father for contempt of court.

Charles L. Irish, 32, a teacher at Bolich Junior High, was charged March 7 with assault and battery of 14-year-old John Ross. Ross' parents filed the charge.

Municipal Court Judge Edward J. Mahoney handed down a directed verdict of innocent after hearing five hours of testimony.

At the same time Judge Mahoney cited Ross' classmate, Bernard Clark, 14, and his father, Donald Clark. No hearing date was set on the contempt of court citation.

Every question City Prosecutor Orval Hoover asked the Clark boy when he was on the stand brought the reply: "I don't remember."

Hoover told the judge the Clark boy had given him a full description of the classroom dispute earlier. Hoover said the elder Clark told him on the telephone that it would be embarrassing to the prosecutor if the Clark boy were called into court to testify. Hoover called both as witnesses.

Cleveland Area Employment Up

CLEVELAND (AP)—The Chamber of Commerce says industrial employment in greater Cleveland in March showed the first increase since last August.

Curtis Lee Smith, president of the Chamber, said Wednesday the organization's March employment survey covering 100 large manufacturing plants showed the plants had 91,006 on payrolls on March 23, an increase of 696 for the month.

Twenty-four of the 80 plants which commented on the outlook for the future said they hope to recall additional employees this month; 52 expect to continue at the March levels, and only four indicated a possibility of layoffs.

Palmer Tied With Rosburg In Masters

Gary Player Is Stroke Behind with Nicklaus Only 2 Off Pace

AUGUSTA, Ga. (AP)—Defending champion Arnold Palmer, who had things mostly his own way after last year's opening round, today was crowded by two dangerous fellow pros and a brawny amateur plunging into the second round of the 25th Masters Golf Tournament.

Palmer was tied for first at 4-under-par 68 with Bob Rosburg, whose record 100-foot putt keyed a torrid finish over rain-soaked Augusta National Thursday.

Just a stroke behind Palmer and Rosburg, whose rallying round also included a holed 120-foot pitch shot, was the year's top money-winner, South African Gary Player, at 69.

Two strokes in arrears was the muscular amateur, Jack Nicklaus, who bagged a 70 playing with Palmer. Nicklaus, a runner-up to Palmer in the 1960 U.S. Open, matched the Master champ's closing nine 34, two under par.

Last year, when Palmer led every round to capture his second Masters title, he shot an opening 67—two strokes better than the field.

Four others broke Augusta National's par 72 in Thursday's persistent drizzle which failed to dampen the enthusiasm of more than 10,000 spectators.

They included two-time champion Byron Nelson, 49, the 1957 king, Doug Ford, and two solid journeymen pros, Paul Harvey and Johnny Pott, who came in with 71's.

Seven were knotted at 72, including amateur Charley Coe, last year's runnerup Ken Venturi, PGA champ Jay Hebert, Gene Littler, Tommy Bolt, Stan Leonard, and Billy Casper.

Among no fewer than 23 locked at 74 were three-time champion Sammy Snead and two-time winner Ben Hogan.

After today's second round—tabbed to face cloudy, cool and possibly rainy weather—the original 88-player starting field will be trimmed to the low 40 score and ties, or 41 if there are no ties for 40th place.

Clearly, Palmer again is the man to beat. He dispelled his pre-tourney worry over putting Thursday, using 28 putts and having nine one-putt greens.

Tribe Needs 12 Innings To Trip Angels

LAS VEGAS, Nev. (AP)—Despite 18 hits—Cleveland's highest hit output of the spring—the Indians had to go 12 innings and come from behind for their latest exhibition victory.

John Romano's one-out single capped a two-run outburst as the Indians beat the Los Angeles Angels 6-5 at Tucson Thursday. The single with two aboard wound up a game lasting four hours and 10 minutes.

Cleveland, trailing 5-4 after Albie Pearson squeezed home Los Angeles' fifth run in the top of the 12th, got the rally going on Woodie Held's third hit—a double to left. Bubba Phillips' single tied the game. Romano followed with the clincher.

Tito Francona's four hits paced the Cleveland attack. Romano and Held each had three.

Ned Garver and Jim Perry engaged in a hurling duel for seven frames, with the Angels on top, 4-2. Then Garver was knocked out in the eighth inning on a walk to Willie Kirkland and Held's single.

Phillips rapped a single off relief pitcher Tom Morgan to make it 4-3. John Temple's single and Jim Piersall's double tied the score in the ninth.

Perry, selected as the Tribe's opening day pitcher in Detroit Tuesday, was touched for four runs on seven hits in his seven-inning stint. Barry Latman and Russ Heman held the Angels scoreless in the next three innings. Don Schaeffer gave up one run on one hit in the last two.

The Los Angeles Dodgers provided the opposition today as Gary Bell was slated to pitch for Cleveland.

Brudzinski Hits 212, Brown 570

Steve Brudzinski's 212 single and Mike Brown's 570 series were best scores in Independent bowling this week at Prairie Lanes.

Blue Ribbon Dairy had high team single with a 915. One Hour Cleaners finished tops in series with a 2,544 total.

Frank Susa, Prairie Lanes manager, almost turned in the 7-6 and 4-10 splits, commonly known as the double pinochle. He clipped the 6, 7 and 10 pins and almost got the 4.

Roebuck Put on Ailing List; Cubs Select Quasi-Manager

By THE ASSOCIATED PRESS

Relief pitcher Ed Roebuck may be all through—again; the Chicago Cubs have a leader—for two weeks, anyway; and the exhibition tour finally hits a major league park today as baseball closes in on the start of the 1961 season.

Roebuck, who hasn't pitched an inning this spring because of shoulder trouble, was placed on the disabled list by the Los Angeles Dodgers Thursday, pending approval by Commissioner Ford Frick. It's the second time in three years that Roebuck, 29, has been hit by shoulder miseries.

The Cubs, meanwhile, picked Vedic Himsel from their coaching group to open the season as quasi-manager. It's owner Phil Wrigley's idea to go with a leader instead of a definite manager this season, shifting the head man role among the four coaches who will be with the club at any one time.

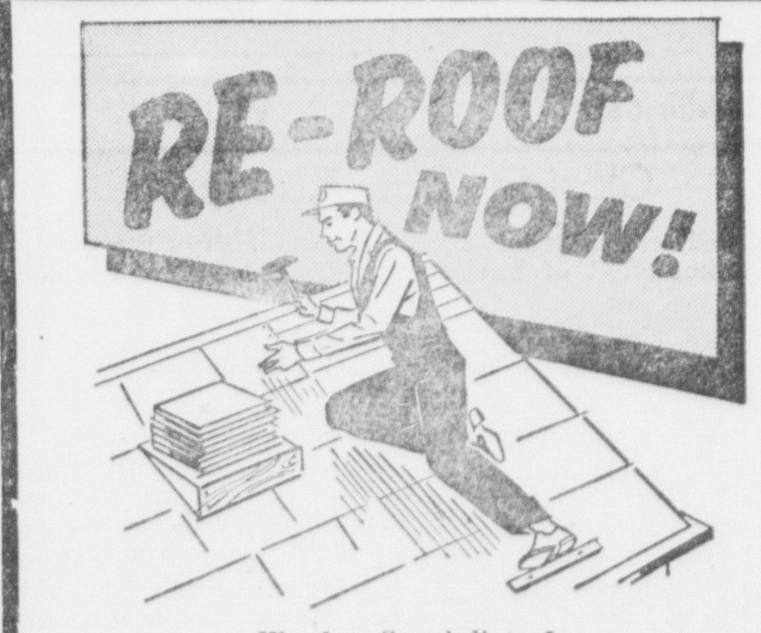

With the season set to open Monday, and President Kennedy now officially scheduled to throw out the first ball at Washington when the Chicago White Sox meet the new Senators, the exhibition trail led the New York Yankees to the St. Louis Cardinals' Busch Stadium today for the opener of a three-game series.

Both were idle Thursday while the Cincinnati Reds again clipped Milwaukee, 6-5; the Dodgers belted San Francisco 14-7, the Cubs defeated Boston 9-5, the Detroit Tigers trimmed Chicago's White Sox 7-2, the Cleveland Indians beat the Los Angeles Angels 6-5 in 12 innings and Kansas City smacked Minnesota 9-4.

In a night game at Miami, Baltimore whipped Washington 8-1 with right-hander Steve Barber blanking the Senators on four hits in the seven innings he worked.

The Reds came from behind with two runs in the ninth to win at Columbia, S.C., against the Braves' Bob Buhl, who went the distance for the third time although giving up 12 hits.

Sad Sam Jones of the Giants was tagged for nine runs in four innings at Phoenix by the Dodgers, who finished with 13 hits—including a double, three

Hawks Count On Lovellette In Celt Duel

ST. LOUIS (AP)—The St. Louis Hawks today counted on the probable return of Clyde Lovellette — back brace and all — to give them a much needed lift against the Boston Celtics in pro basketball's world series.

The 6-foot-9 Lovellette, who averaged 20.3 points against the Celtics during the regular season, will be available for duty here Saturday afternoon when the best-of-seven National Basketball Association title playoff resumes. The Hawks trail 0-2.

Lovellette, out of action since March 27 with a twisted back suffered in the semifinal playoffs against the Lakers, has been working out the last few days.

The Hawks' third best rebounder and scorer said the doctors have given him the go-ahead, provided he wear a stiff brace on his back.

Lovellette said he can't bend down with the brace on and it may hinder his umping ability. But, he added

"It doesn't hurt my shooting. I'm hitting pretty good."

Clyde averaged 453 from the floor during the regular campaign. Many of his 1,711 points came on one-handed shots from the outside.

The Hawks feel that a consistent outside shooter would force the Celtics' 6-foot-11 Bill Russell to come out, giving the Hawks a better chance for baskets from inside. So far, Russell, while not breaking any scoring records, has ruined the Hawks with blocks and rebounds. Here, too, Lovellette's 235 pounds would come in handy, if only to jockey Russell out of position.

Indian Chief Outlines Law For Action in 'Wicked City'

LAS VEGAS, Nev. (AP)—Before the Cleveland Indians broke up their spring training baseball camp at Tucson, Ariz. Thursday, Manager Jimmie Dykes held a meeting with the players "to lay down a little law."

According to Gordon Cobbleback, sports editor of the Cleveland Plain Dealer who was invited to listen in, here's what Dykes said:

"I'm giving you two rules. One of them goes for the whole season and any other season that I may be around here. The other is just for Las Vegas.

"Probably a lot of you guys have never been in Vegas. I have, and you can take it from me, it's a wicked city. Im giving you a 1 a.m. curfew tonight (Thursday night). That'll give you time to walk around and look the place over, but I suggest you leave your money with me or (traveling secretary) Nate Wallace before you start looking. And don't let me catch anybody coming into the hotel at five minutes after 1. It'll cost you.

"Now this other rule is for today, tomorrow, next week and from then on. From what I learned about this ball club last year some of you won't like it, and that's all right with me. Just so you don't forget it.

"There's to be no poker playing—not on planes, not in hotels, not anywhere. I saw some of the young players sitting in on your games last season and losing money they couldn't afford to

Su Mac Lad Wins \$25,000 Trot as Air Record Trails

YONKERS, N.Y. (AP)—Stanley Dancer reined Su Mac Lad to victory in the \$25,000 U.S.A. Test Trot Thursday night.

Su Mac Lad, who won the \$25,000 Inaugural Trot last week with Harold Dancer substituting while brother Stanley was under suspension, trotted the mile in 2:03.1—fastest of the year on a half-mile track.

The 7-year-old son of Potomac Lad, boosting this earnings to \$234,749, paid \$3.30, \$2.60 and \$2.20 after finishing a length in front of Air Record. Canada's Tie Silk was third.

Great Lullwater was fourth. Trailing the top four, in order, were Silver Song, Circo, Steammin' Demon and Senator Frost.

The eight starters are among the eligibles for the \$65,000 Gotham Trot next Thursday, in which foreign invaders Jariolain, Iskander F. and Lavandier III will also start. The Gotham is at a mile and one quarter.

Dodgers, Orioles Are Early Choices Of AP Guesspert

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—The Los Angeles Dodgers and the Baltimore Orioles, a pair of clubs loaded with young talent, are the choices here to meet in the 1961 World Series next October.

Walter Alston's Dodgers, who finished fourth last year, should repeat their 1959 National League triumph because they possess the prime pennant ingredients—strong pitching, stout defense and superb speed. They lack power but they are blessed with sufficient strength to two-platoon without suffering any noticeable dip in quality.

Paul Richards' Orioles also have the speed, defense and pitching—especially pitching. Always a prime factor, pitching takes on added importance in the American League this season because of the additional two teams which have caused an expansion of the schedule from 154 to 162 games.

The defending champion Pirates and Yankees should finish second, with the Cardinals and Chicago White Sox third and Milwaukee and Cleveland fourth.

This appears to be the shape of things to come in each league: National League—1. Los Angeles, 2. Pittsburgh, 3. St. Louis, 4. Milwaukee, 5. San Francisco, 6. Cincinnati, 7. Philadelphia, 8. Chicago.

American League—1. Baltimore, 2. New York, 3. Chicago, 4. Cleveland, 5. Minnesota, 6. Detroit, 7. Boston, 8. Kansas City, 9. Los Angeles, 10. Washington.

Baltimore's pitching, best in the

American League last year, may be even stronger because of the experience gained by youngsters Chuck Estrada, Milt Pappas, Jack Fisher and Steve Barber. Also, Jerry Walker, a disappointment last year, looks like he's ready to pick up where he left off in 1959, when he was named to the All-Star team. The staff is complemented by veterans Hoyt Wilhelm, Hal Brown and Billy Hoelt and a promising rookie named John Papa.

The Yankees haven't changed except for the loss of second string pitchers Eli Grba and Bobby Shantz and utility players Dale Long and Bob Cerv. They boast such power hitters as Mickey Mantle, Roger Maris, Bill Skowron, Yogi Berra and Elston Howard, plus the versatile Tony Kubek and Cletis Boyer as well as Bobby Richardson and Hector Lopez. The pitching, however, is thin with Whitey Ford the only dependable starter. Bob Turley, Ralph Terry, Art Ditmar, Bill Stafford and Jim Coates are the other starters.

Dodger pitching is the most respected in the National League. It is evenly balanced with Don Drysdale, Stan Williams and Roger Craig firing from the right side and Johnny Podres, Andy Koufax and rookie Ron Perranoski from the left side. Larry Sherry can work both ways, start and relieve.

Pittsburgh has the same team that defeated the Yankees in the World Series. The Pirates have good balance, sound pitching and an admirable defense. Shantz, the only newcomer, should help in the bullpen.

The Cardinals figure to be tough again. Larry Jackson's injury—a fractured jaw—may set them back a little but they have a solid pitching staff headed by Ernie Broglio, Bob Miller, Ray Sadecki, Curt Simmons and Al Cotter. They have adequate power in Musial, Boyer, Bill White and Daryl Spencer. Their crying need is an established center fielder.

The Braves improved their infield at the expense of the outfield and pitching. Aaron is the only solid outfielder and Warren Spahn, Lew Burdette and Bob Buhl are the only established starters with the possibility of Carl Willey finally coming into his own. They sorely lack a bullpen specialist.

A weak bullpen also threatens to handicap the Giants, who may have problems at first, second and shortstop.

Boy, 10, Is Linked To OU Dorm Blaze

ATHENS, Ohio (AP)—A complaint of juvenile delinquency has been filed against a 10-year-old Athens boy in the investigation of a \$20,000 fire which damaged Bush Hall on the Ohio University campus last Friday.

Fire Chief Charles W. Dalton, who filed the complaint, said the fire was still listed as accidental and that there had been no evidence that starting the blaze was intentional.

He said the boy had been arrested Tuesday while using matches to start a fire behind some campus buildings, and later admitted having been in the men's dormitory Friday shortly before the fire broke out in a library chair. The blaze spread to a lounge. The chief said the boy admitted using matches in the library, and of trying to start a fire in a fireplace in the lounge.

Jim Brown of Cleveland is the first player in the 41-year-old history of the National Football League to win the ball carrying title for two straight years.

Views on TV-Radio

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Whatever happens in a few weeks when the United States attempts to shoot the first astronaut into space, the American people will be able to watch and hear the whole event.

The four major television and radio networks are temporarily putting aside their rivalries to pool men and equipment for complete coverage—from the firing pad at Cape Canaveral to the Caribbean where it is expected the missile will drop with its human cargo.

Mobile equipment will follow the progress of the chosen astronaut into the missile. Five cameras, operated by remote control, will provide closeup shots of the firing itself.

Other cameras will follow the flight of the missile as far as possible. Film crews will be aboard ships and aircraft assigned to recover man and missile. Other crews will be stationed at Grand Bahama Island where it is expected the astronaut will be taken.

Heart of the broadcasting operation will consist of two specially built trailers, each 35 feet long. They contain all the facilities for handling the products of all the mobile units, video tape reports, film and voice communications and will feed them instantly to the networks (ABC, CBS, NBC and the Mutual Broadcasting System) and to any individual stations or smaller networks that want them in exchange for a service charge.

The man-in-space shot promises to be an event of historic importance.

Next season will see an animal-to-animal ratings battle.

CBS' "Lassie" will slug it out with NBC's "National Velvet." ABC could get into the pending early Sunday evening battle between dog and horse if it scheduled its "Hathaways" series, featuring chimpanzees, at the same time.

Recommended tonight: "Sing Along with Mitch," NBC, 9-10 Eastern Standard Time—the old, familiar songs, arranged so the audience can join in the choruses.

Kennedy Fete Scheduled

BOSTON (AP)—President Kennedy will celebrate his 44th birthday May 29 at a Democratic fundraising dinner expected to be attended by 5,000 at Boston's Commonwealth Armory.
